Also, his research paper was one of a few selected by the President, Naval War College, as "outstanding," and it was the only one used in a recent briefing of Admiral Zumwalt, new CNO. 7. AIR is presently disseminating the Agency Training Record. We ran into a snag when it was discovered that two of the listings were effective as of 31 December 1969, instead of being updated to 30 June 1970. The Office of Computer Services is making trial runs and if they are successful, the two listings will be printed over the weekend. AIR will then continue to distribute the ATR to Agency Directorates and Training Officers.

8. AIR is reviewing the revised TRAREG (Training Registrations and Recording) proposal sent to OTR by [REDACTED], Chairman, SIPS Task Force, O/OCS. Comments and recommendations will be forthcoming.
